# To get us through...

- *Everyone* wants to start on time – just like a dressage test. Speakers will finish on time. Please be prompt back from breaks.
- No-one dominates a session with questions or anecdotes (time limit). Strategies for having your concern heard/recorded: post it notes, time over lunch, dinner, in small groups.
- Not everything raised will be finished or resolved today...
- Phones on silent. (There is a penalty...)
