

NSW DRESSAGE CHAMPIONSHIPS

30 August – 2 September 2018

Attached is the **Preliminary** status of entries. This is a preliminary listing subject to change and confirmation. We are publishing now to allow competitors to check that they have been entered into the correct competitions and to prepare for the event.

As you will see, entries are the highest ever and split into Open, Amateur and Pony divisions in many levels which allows us to accept more combinations without extensive reserve lists. Most combinations have been accepted provided they have the required performance. Some combinations are listed as pending with additional results to be submitted before we can confirm participation

If your horse is listed on the entry status list with an asterisk "****" your horse has not been accepted and the reason could be one of the following:

- Results submitted could not be validated or were outside the qualifying period or not official results;
- No performance provided at the level entered with your entry.

If you have any queries re the status of your entry please contact Karen Lever or Toni Venhaus (details below).

As per the conditions of entry, in exceptional circumstances, consideration may be given for a horse that has two high qualifying scores to be ranked above horses with three lower scores on approval of DNSW Executive. The Committee exercised this right for a couple of combinations.

The time draw will be posted on the web site when ready along with other information. Please let us know of any errors in spelling of rider/horses' names, so we have the correct details for the draw and booklet.

If you need to make adjustments to your entry re stabling or camping bookings you can do so on the link below.
