

Stable, Camping and Cabin Allocation Information

As the State Interschool Championships conclude on Friday, we kindly ask that competitors avoid arriving at SIEC until **Friday afternoon at the earliest** where possible.

The **Indoor Arena will be available for training from 3:00 pm.**

We have done our best to allocate stables and camping sites to ensure you arrive at a ready-to-use spot. However, as Interschool competitors will be bumping out throughout Friday, there is a possibility that *some* allocated stables may not yet be available on arrival. To help manage this, stable allocations have been spread across both stable blocks.

If, upon arrival, there is a more suitable stable or camping site available, we will happily do our best to accommodate a change where possible.

For Cabin allocations - please see the stable manager (0414 931 868)

Camping spots, please park in a spot available in the area you booked.

Thank you in advance for your patience and understanding as we manage the transition between events. We greatly appreciate your cooperation in helping make the bump-in process as smooth and efficient as possible for everyone.
