NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

NOTE 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Urgent Issues Group Consensus Views and other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of the Associations Incorporations Act NSW.

The financial report covers Dressage NSW Incorporated as an individual entity. Dressage NSW Incorporated is an association incorporated in New South Wales under the Associations Incorporations Act 1984.

The financial report of Dressage NSW Incorporated as an individual entity complies with all Australian equivalents to International Financial Standards (IFRS) in their entirety.

The following is a summary of the material accounting policies by the Association in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

a) INCOME TAX

The Association adopts the liability method of tax-effect accounting whereby the income tax expense shown in the statement of financial performance is based on the profit from ordinary activities before income tax adjusted for any permanent differences.

Non-member income of the association is only assessable for tax, as member income is excluded under the principle of mutuality.

b) INVENTORIES

Inventories consist of merchandise and are measured at the lower of cost and net realisable value. Costs are assigned on a specific identification basis and include direct costs and appropriate overhead, if any.

c) PROPERTY, PLANT and EQUIPMENT

Each class of property, plant and equipment are carried at cost or fair value less, where applicable, any accumulated depreciation.

- PLANT and EQUIPMENT

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by the Association to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets' employment and subsequent disposal. The expected net cash flows have not been discounted to present values in determining recoverable amounts.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

NOTE 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- DEPRECIATION

The depreciable amount of all fixed assets are depreciated on a straight line basis over the useful lives of the assets to the association commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable asset are:

<u>Class of Non-Current Asset</u>	<u>Depreciation Rate</u>
Leasehold Improvements	10% -20%
Plant and office equipment	11.25% - 30%

d) INVESTMENTS

The carrying amount of investments is reviewed annually by directors to ensure it is not in excess of the recoverable amount of these investments. The recoverable amount is assessed from the quoted market value for shares in listed companies. The expected net cash flows from investments have not been discounted to their present value in determining the recoverable amounts.

e) EMPLOYEE ENTITLEMENTS

Provision is made for the association's liability for employee entitlements arising from services rendered by employees to balance date. Employee benefits expected to be settled within one year together with benefits arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at their nominal amount. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

Contributions are made by the association for an employee superannuation fund and are charged as expenses when incurred. The entity has no legal obligation to provide benefits to employees on retirement.

f) CASH

For the purposes of the Statement of Cash Flows, cash includes cash on hand, at banks and on deposit.

g) GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense.

Receivables and payables in the Statement of Financial Position are stated with the amount of GST excluded.

The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability in the statement of financial position.

Cash flows are included in the Statement of Cash Flows on a net basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.
