

PRELIMINARY ACCEPTANCE LIST

*Thank you for your entry in what is sure to be a very enjoyable event for all.
Dressage NSW is looking forward to hosting this event for the first time in NSW*

Attached is the status of entries for the event. This is a preliminary indication only and some adjustments may be necessary if we discover problems such as: a horse in the wrong competition, missing entries or if we are unable to resolve or verify some performances.

If your horse's name is missing or is noted as *NA*, the reason could be that the horse has no performance at the level entered; the results submitted were below the required performance standard or results were outside of the qualifying period. Entries noted as *pending* means riders have indicated they have entered events in the coming weeks with the aim of obtaining qualifying results.

If you have results pending the responsibility lies with the competitor to notify us results with a link to the results as soon as possible after the competition. Performances after 2 October 2022 will not be considered.

Currently all pending horses will be placed on a reserve list and moved into the competition if time allows on the draw. We aim to give as many riders as possible the opportunity to compete. There will not be a separate division for Ponies at Elementary to Advanced level due to lack of entries.

A new event will be set up on Nominate for entry adjustments should you need to add additional stable days or shavings etc

A Rider Info pack with relevant information will be available prior to the event. Please check the website regularly for updates.
